(By Special Telegraph.)

TORONTO, June 11.—Another farmer's excursion left to-night with about one hundred and fifty passengers.

OTTAWA, June 11.—A conference between the C. P. R. and G. N. W. Railway officials was held again to-day but nothing was done.

CHICAGO, June 11.—Col. E. Younger, the notorious outlaw, was drowned while attempting to ford the river on horseback on Saturday.

DUBLIN, Ont., June 12.—A terrible accident happened to a Sunday school excursion near here to-day. Seventy children were killed.

JOHNSTOWN, Pa., June 12.—The work of recovering dead bodies still proceeds. About 500 men are at work this morning. Trains are beginning to run regularly again. Provisions are arriving every day with provisions for the sufferers.

OTTAWA, June 12.—At the conference between the C. P. R. and G. N. W. R. officials one of the latter magnates told your correspondent that the C. P. R. offered the G. N. W. each alternate section in the twenty-four mile belt through which the road ran. The offer was not accepted.

LONDON, June 12.—The weather here is simply horrible. Fires are lighted in the city the same as in November. It is all fog, rain, mud and cold.

The life of Mr. Gladstone was in imminent peril yesterday owing to the immense crush at Redruth where he was to have spoken.

WINNIPEG, June 12.—Mr. Villard, of the Northern Pacific, when interviewed in Vancouver regarding his road building to the Pacific coast, said the C. P. R. could do all the coast business for years to come as the N. P. did not intend to build through the mountains.

Mr. McGregor, the cattle man, of this city, has made a new move in the cattle business. He is shipping 5,000 head of cattle from Ontario to Calgary to fatten them on the plains and then return them in the fall to be slaughtered.

OTTAWA, June 13.—To-day D. MacMaster, Q.C., R. D. McGibbon, Q.C., A. Atwater, and Hugh Graham, of the Montreal Star, arrived and proceeded to the Department of Justice where they deposited a petition asking the Government to test the constitutionality of the Jesuits' Estates Bill in the Supreme Court of Canada. They deposited \$5,000 to cover the legal expenses.

QU'APPELLE, June 14.—An attempt was made yesterday morning to rob the Bank of Montreal at Regina. It is understood shots were exchanged between the robbers and the manager. The robbers escaped without securing any money.

TORONTO, June 13.—W. H. Dickson, a G. T. R. constable, boarded a C. P. R. train here this morning and refused to pay his fare. While Conductor Hamilton and Baggage man McLaughlin were putting him off the train he drew a revolver and shot McLaughlin. The injury, though serious, is not fatal. Dickson was locked up.

MARIA, Minn., June 13.—A settler at Milelac Lake brought word to-day that the Indians at the reservation had driven away several settlers and committed six murders. Gen. Rager has ordered three companies of regular troops from St. Paul to the scene of the trouble at Milelac. A serious outbreak is threatened.

LONDON, June 13.—While Gladstone was passing through Walsbridge, Corn wall, to-day a missile, believed to be a live cartridge, was thrown at his carriage. The missile did no harm.

SAN FRANCISCO, June 13.—The steamer City of Peking arrived from Hong Kong bringing news that Lucknow, a city in China, was nearly destroyed by fire, and the loss of life is estimated at 10,000.

KINGSTON, June 13.—Lord A. P. Cecil, the noted Evangelist, was drowned at Adolphustown last night. The body has not been recovered yet.

TO THE DEAF.—A person cured of Deafness and noise in the head of 25 years standing by simple means, will send a description of it free to any person who applies to NICHOLSON, 177 McDougall street, New York.

Insp. Bagin will be in charge of the detachment of Mounted Police stationed at Grand Rapids.

Men's Rubber Coats and Ladies' Circulars just received at F. C. Baker's.

P. M. Barker, Inspector of registry offices, and T. N. Campbell left for Battleford on Saturday last.

The School Board had a meeting on Tuesday afternoon, but no business of any importance was done.

J. M. Campbell sold 100 head of cattle in the last couple of weeks, the greater portion of which went to Battleford.

His Lordship the Bishop of Saskatchewan will preach in St. Alban's church on Sunday next, both morning and evening.

Pete Robertson has finished the road across the muskeg on north side of the river, so that travellers crossing by the P. A. ferry have a good dry road.

There are any amount of wild strawberries now. How is that for the Saskatchewan valley? Vegetables grown in the garden have been in use for some time.

Some of the bad, naughty, wicked boys around town amuse themselves by taking and destroying birds nests. Parents should warn their boys against robbing birds nests.

The baseball club received another lot of balls this week, and resumed practice again. A meeting of the club will be held on Monday evening after practice to arrange for a match on Dominion Day. A big turnout at practice is requested.

We are selling groceries cheaper than any other place in town. F. C. Baker.

Sgt. Brecken and party returned from Sturgeon Lake a few days ago where they had been to ascertain the cause of the bush fire reported on Chief Trutt's reserve. There had been a fire but it was out when the police party arrived and the damage was trifling.

The Police under command of Supt. Perry, pulled out for Saskatoon this morning to spend a couple of weeks under canvas, leaving Insp. Huot, Sgt. Brecken and fifteen men at the barracks. It is expected Supt. Perry will wait until the Lieut. Governor comes there and then F. troop will escort the gubernatorial party in to Prince Albert.

It is now nearly four years since the first meeting was called to take steps towards raising money to erect a monument to the memory of our brave townsmen who were killed at the battle of Duck Lake. Some money was collected, but it is not increasing nor is there any word of the monument. Something should be done in this matter.

About a dozen members of the rifle association went across the river to their new rifle range and dug the pits and cut a straight road across the muskeg. The idea of this move is to have their annual meeting there this year as it is much more pleasant than the one in use, and larger numbers of spectators will turn out. Another party is going over again to mow and they will lay a walk so that the muskeg can be crossed without getting wet. We think the town council should assist the riflemen in laying this walk as it runs alongside the town property to the park and will be greatly used by our citizens. Few people in town know what a beautiful park there is across the river within a few minutes walk after crossing on the ferry.

ADVICE TO MOTHERS. Are you disturbed at night and broken up by your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WINDSOR'S SOOTHING SYRUP FOR CHILDREN TEething. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no medicine so safe and so effective for cutting the stomach and bowels, curing wind colic, reducing the fever, reducing inflammation, and giving rest and energy to the whole system. Mrs. WINDSOR'S SOOTHING SYRUP FOR CHILDREN TEething is pleasant to the taste, and is the prescription of one of the oldest and best physicians and pharmacists in the U. S., and is for sale by all druggists throughout the world. Price 25c a bottle.

FRIDAY, JUNE 14, 1890.

While crops in Michigan and other southern and eastern States and Provinces are suffering from frost, we on the Saskatchewan are enjoying almost equatorial weather. We have never experienced better growing weather anywhere or at any time than here at present. Growth has been very rapid this season, and the crops are now as far advanced as they were two weeks later last year. The outlook for a bountiful harvest is very gratifying, and farmers feel more confident than they have done for years. The yield promises to be better than last year, although it is impossible to estimate at present what it will be. Many of our farmers are now engaged in breaking more land, and the probabilities are that a very large acreage will be cultivated next year.

The Regina Leader gives itself credit for having reformed the Commissioner of the Mounted Police Force. We do not that the Leader could do better now than try to reform itself. It has reformed Col. Herchmer, and has made a desperate attempt to bring about a change in Supt. Perry, but in its latest issue it still persists in misstating facts. We beg to assure the Leader that the facts are not as stated by it. It did not state a fact in connection with its alleged mutiny. It simply stated a lot of rubbish, which did not contain one word of truth. We hope our contemporary will devote its attention hereafter to legitimate newspaper work, and instead of trying to score a point against Major Perry, make known the advantages and resources of our land and our requirements.

Mr. Lumsden, C.E., who was in town last week, speaks very highly of the country between this place and Regina. His report to the English capitalists and directors of the Regina and Long Lake road will be favorable. We understand that Mr. Lumsden was sent to examine the route by the English capitalists who are advancing the money to build the road, and that on his report depends, to a great extent, the prosecution of the enterprise. Mr. Lumsden states that the road could

be built at a very low cost, and that the bridge over the South Branch will not cost over one half of what was estimated. There is scarcely a doubt now but that the road in question will be built with all possible speed.

Another department of our Public School has been opened up in the west end of our district, and is progressing very favorably. The attendance is good, and no doubt before the close of the year will almost double the present number. The success of the school has fully justified the step taken by our Board of Trustees. To make the school an entire success, it will be necessary to have a good and comfortable building. At present the Board have rented a building, which answers the purpose in the meantime. We believe, however, that property should be secured for building purposes, and a building erected, if such can be done, at a reasonable expense—say about \$800.

Numerous complaints are made by people living outside the pound limits in the town of hogs and other animals running at large and causing great inconvenience and damage to gardens and other property. Some change should be made in the by-law whereby owners of pigs should be obliged to keep them shut up. Under no circumstance should they be allowed to run at large in the town. We hope our Town Council will take steps to remedy the by-law in question, and put a stop to the nuisance complained of.

DUCK LAKE.

H. Mitchell, M.L.A., is on a trip to Red Deer Lake.

Surveyor Ducker is working south of here in the interests of the C.P.R.

Mr. Dufresne, C.E., with a party are here surveying for the Government.

Operator Noel, of Batoche, left for Rimouski, Que., and will be away three months. Warren Finlayson is relieving him.

The Roman Catholics are putting a fence around a lot at their church to be used as a cemetery. A well is also being sunk.

Duck Lake will celebrate Dominion Day with horse and foot races and other sports, when a number of good prizes will be given.

A number of fine showers the last few weeks have done wonders for the crops. The oldest settlers say grain never looked so well before at this season.

Mr. Macdowall, M.P. is again in Winnipeg.

F.C. Baker is offering Linen Coats and Vests, Norfolk Jackets, Cashmere and Balbriggan Underclothing, white and colored Shirts, summer Ties, etc., etc., at very low prices.

Deacon & Farney launched their new tug yesterday afternoon, the particulars of which we will give next week. All who have seen the little craft say she sits splendidly in the water and will have good speed.

Mr. Betts has handed over to the town treasurer \$200 received from the Lieut. Governor, granted as a bonus towards the establishment of our ferry. To show the prompt attention given to communications of our members of the Assembly, We may state that on May 22nd Mr. Betts wrote advising His Honor of the completion of the work, enclosing the necessary recommendation for payment. The answer and money were received by him on June 10th.

John Wymerskirch arrived back in town by the stage this week after an absence of three years on the Pacific coast. During Mr. Wymerskirch's absence he has been over the greater portion of British Columbia, California and Oregon, but spent the most of his time on Canadian soil. He does not like the coast winter climate; there was too much rain. He prefers "wearing a buffalo coat in Prince Albert to packing a canoe and oil coat on the coast." During the great fire in Vancouver Mr. Wymerskirch was there and lost quite a lot of property, among which was a handsome watch and chain. He afterwards recovered the watch and chain, but they were one solid lump.

Qu'Appelle, June 14.—Chief Engineer Secretan of the N. W. Central Railway, and Mr. Stewart left here to day, via Touchwood Hill, for Battleford and Edmonton.

The farmer's excursion passed here this morning on the regular train. There were only fifty people for Calgary.

TERRITORIAL NEWS

LETHBRIDGE.

From the News, May 29.

Frank Colman had the misfortune to be kicked on the arm by a horse on Saturday last. He now carries his arm in a sling and will be laid up for a short time.

Another new hotel is being built at Pincher Creek. It has 52 feet front and will be two-storey high. Mr. A. Cennally is having it built. This will make three hotels at Pincher Creek.

We were in error last week when we said Mr. Sid. Hooper's horse fell on him. Mr. Hooper was kicked in the back by the horse and is now in town under Dr. Mewburn's care. We hope to see him about again shortly.

A farewell address was presented to Mr. F. Wasterlain, late leader of the band, on the eve of his departure for Montreal, by the members of the Lethbridge Brass Band.

A party of surveyors arrived at Helena from St. Paul yesterday, and will start out tomorrow on the survey of the Montana & Canada Railway, which is to connect Helena with the Canadian Pacific. The survey will be completed this season, but construction will probably be postponed until next year.

CALGARY.

From the Herald, May 29.

Mr. T. P. Walsworth, Inspector of Indian Agencies, is stopping at the Royal Hotel.

Mr. John Black, of Yokohama, Japan, arrived this morning and is registered at the Royal Hotel.

Several persons, supposing that they could go by this morning's train on excursion tickets to Victoria, were flocking around the agent yesterday, wanting tickets, but were informed that as had been advertised, the tickets were good only to start on the morning of the 22nd.

Deerfoot, the Blackfoot Indian who has been serving out a term in the N. W. M. P. jail at Calgary for assaulting the Police with an axe, was released from prison yesterday and is camped with some of his friends near the Bow River. His wife, who is a Blood and used to show her horsemanship on the streets of Calgary, is coming to join her husband after their long separation.

On Sunday morning Mr. J. S. Dennis, C. E., D. L. S., arrived with a party of surveyors from Ottawa, in order to make the usual surveys of the country which are taken every year. Mr. Dennis, Inspector of Surveys, will have his headquarters in Calgary from whence he will direct the working of about twenty-five survey parties, which includes those in British Columbia. Two surveys started on their trips on Monday, one going to Lac la Biche, north of Edmonton, and the other to the Battleford district. A third will survey the country between here and Macleod.

FORT MACLEOD.

From the Gazette, May 30.

An agricultural society is being formed here.

Lieut.-Col. and Mrs. Macleod entertained a large number of friends at luncheon on the 24th.

Fifty lodges of Stoney are strong out along the mountains from Chief Mountain to Pincher Creek. They are slaughtering game wholesale, and steps should be taken to stop them.

The eastern Canadian papers are circulating a report that the big fight between Indians, Police, etc., has taken place near Macleod. The Police had nothing to do with the fight, which took place in Montana, over 100 miles south of the boundary line. Eastern papers should be careful how they circulate such reports, as they do not help out immigration very much. The Indians in Macleod district are quiet and working hard.

The round up is now general throughout the country, and stockmen in all sections look forward with confidence to a mammoth branding. The loss during the past winter was practically nil, even among calves dropped during that period. The present promises to be the red letter year since the range business was established here. Anthrax is the only thing stockmen fear. There have been cases of it pretty well right along since last fall, but they seem to get less numerous during the past two or three months, and we can only hope that the disease is dying out entirely. Assuming that such is

the case, the prospects for the cattle business was never brighter.

REGINA.

From the Leader, June 4.

D. H. Macdowall, M. P. for Saskatchewan, was registered at the Lansdowne yesterday.

The Hon. Justices Macleod, Roleau, Wetmore and McGuire arrived yesterday morning and are staying at the Lansdowne.

An affair of honor between two young gallants is to be settled to-night at short range. Seconds have been arranged and the weapons are to be the fists.

Commissioner Herchmer went to Winnipeg on Wednesday. A detachment of Mounted Police will be stationed at Grand Rapids to prevent the smuggling of whiskey from Kewatin and the southern boundary will be patrolled to keep the Dakota settlers from stealing Manitoba wood.

Owing to the refusal of the Militia Department to issue Snider rifles to the Northwest rifle associations, the scores made are not a reliable evidence of a marksmen's skill or of the actual merits of a team, as some shooters are possessed of better class rifles than others. The most exciting match of the Regina Rifle Association so far this season was that shot on Saturday last between the President's and the Vice-Presidents teams, seven shots each at 200, 400 and 500 yds. The President's team managed to keep slightly ahead all through, eventually winning by eleven shots. The grand total of the scores were 532 and 521.

MEDICINE HAT.

From the Times, June 1.

Mr. Scotchard is experimenting with Giant corn for fodder purposes.

On Wednesday's train were forty-seven German immigrants for the colony south of Dunmore junction.

The copious rainfall of Monday night succeeded as it has been by warm weather has advanced the crops wonderfully.

Wednesday's west bound train, consisting of thirteen coaches, had on board a large party of excursionists for Vancouver. They were mostly from London, Ont.

Mr. Hargrave lost a shorthorn bull last Saturday night. It appears the animal got caught in some way with the rope he was tied with, and in falling twisted his neck. Mr. Hargrave valued him at \$200.

The most exciting event of the week was the capturing of the grizzly bear, which broke its collar on Tuesday afternoon. Danny McKeown was the first to observe the accident, and quickly gave alarm. In a few minutes a number of citizens armed with ropes, bell-cords and base-ball clubs appeared on the scene. After several ineffectual attempts, the bear was at last snared with several ropes and then she got mad. However, by dint of the tightening persuasion of the ropes she at length consented to be secured to the post. A steel collar has been ordered for her ladyship.

QU'APPELLE

From the Vilette, May 31.

Mr. R. Johnston, of our town, has the contract for the team service required by the Regina & Long Lake railway surveyors.

The plant is being put into Mr. S. H. Caswell's new creamery, which is expected to be in operation shortly. Mr. Nathurst is the head butter maker.

Whose duty is it to enforce the municipal by-law against breaking horses, throwing missiles and shooting off firearms within the town limits?

The magistrates and lawyers are having a great deal of work lately in adjusting differences between Major Bell, of Indian Head and some of his workmen. Decisions have not yet been given.

The citizens of Qu'Appelle celebrated the seventieth anniversary of the birthday of Her Majesty Queen Victoria with horse racing and athletic sports, which were continued for two days, Friday and Saturday. The weather was favorable and the town was filled with people from the surrounding country and adjacent towns.

The loyal concert in the Methodist church on the evening of the Queen's birthday had a good programme but the attendance was not as good as might have been expected. The proceeds were for the purpose of helping to wipe off the debt of the parsonage. The receipts were \$21 50.

WHY YOU SHOULD USE SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES.

THE HARROWING SCENES

At Johnstown, Pa., too Awful to Comprehend.

JOHNSTOWN, Pa., June 3.—The full extent of the Johnstown flood and holocaust can never be realized except by those who are called upon to witness the horrible scenes, which seem to multiply rather than diminish. The calamity was so great, the event so frightful and the result so unparalleled, that a feeling of cold numbness resulted from the mere contemplation of such scenes. Its full magnitude cannot be told. Every place where the debris is collected, dead bodies are buried, and the only way to recover them is to tear away the rubbish. This will be the work of weeks unless an immense gang of laborers is secured at once, when corpses are found they are taken to the nearest dead house and carefully washed. They are then laid out in rows to await identification.

2,200 BODIES.
At present there are said to be 2,200 recovered bodies. Kenville is in a deplorable condition. The living are unable to take care of the dead. The majority of the inhabitants of the town were drowned. A supply store was opened in town. A milkman who was overcharging for milk this morning narrowly escaped lynching. The infuriated men appropriated all his milk and distributed it among the poor and then drove him out of town.

NO MORE PILFERING.
The body of the Hungarian, who was lynched in the orchard last night, was removed by his friends during the night. The inhuman monster had cut off the woman's four fingers of her right hand for rings. He was noticed before he escaped and dropped the fingers into his pocket where they were found when he was captured. The act maddened the men and they took him to the hillside and hung him. Stealing by Hungarians at Cambria City and points along the railway has almost ceased. The report of several lynchings and drowning of two Italians while being pursued by citizens yesterday put a damper on the soulless pilfering for a time. The sheriff has taken charge of Johnstown and armed men are this morning patrolling the city.

THE NAMELESS PAUL REVERE
lies somewhere among the nameless dead—who he is may never be known but his ride will be famous in local history. Mounted on a grand big bay horse he came riding down the pike which passes through Conemaugh to Johnstown like some angel of wrath of old shouting his potent words warning, "Run for your lives to the hills!" "Run to the hills!" People crowded out of their houses along thickly settled streets and struck and wondering. Nobly knew the man, and some thought he was a mimic and laughed. On at a deadly pace he rode and shrilly rang out his awful cry. In a few moments, however, there came a cloud of rain down the broad streets, down the narrow alleys, grinding, twisting, turning, crashing and annihilating the weak and the strong. It was the change of the flood, the coronet of ruin and devastation which grew at every instant of its progress. Forty feet high some say, thirty according to others was this sea and it travelled with a swiftness like that which lay hidden in the heels of mercury. On and on raced the rider and on and on rushed the wave. Dozens of people took heed of the warning and ran up to the hills. Poor faithful rider; it was an unequal contest. Just as he turned across the railroad bridge the mighty wave fell upon him and horse, rider and bridge and all went out into the chaos together.

BAND-CUTTER & SELF-FEEDER.

The Anderson Band-Cutter and Self-Feeder an Unqualified Success.

A trial of this wonderful machine was held at Portage la Prairie the 24th inst., and as it has been widely advertised by H. S. Washbrook, of Winnipeg, the sole agent for Manitoba and the Territories, a large number of those interested in threshing machines were present.

The band-cutter and self-feeder was attached to McDonald & Braithwaite's J. I. Case separator, a load of oats was placed on each side, and as fast as two men could pitch the sheaves into it it cut the bands and fed the grain into the separator. It is not likely this machine will ever be put to a more severe test than it got that day. The oats had been stacked last fall, and lay in the open all winter and spring, so that the straw was tough, the sheaves wet, packed hard and would hardly open out when the bands were cut, but the vibratory motion, which is one of the secrets of the success of this invention, forced them apart and fed evenly into the separator. Its superiority over hand feeding lies in the fact that it feeds evenly into the cylinder, thus re-

ducing the chances of the separator throwing over the grain to a minimum, which will be a great saving to the farmer. It was the unanimous opinion of all present that a long felt want was at last filled.

Its simplicity of construction is a main point in its favor, there being no intricate pieces of machinery to break or get out of order.

Its mechanism is so simple that many were heard to remark: "How is it I did not think of this years ago?"

This band-cutter and self-feeder will certainly revolutionize the threshing trade, as it does away with band cutters and feeders, and it will save the threshers not only \$5 per day, but also the trouble and annoyance he oftentimes experiences in obtaining and controlling band-cutters and feeders, and in an ordinary threshing season will pay for itself the first year.

We predict it will be but a short time before every separator in the country has attached to it one of these invaluable machines.—Sun.
